

symposium  
brain development and  
developmental disorders

June 21, 2012, academiegebouw utrecht

The Neuroimaging Lab (NICHE) of the department of Child and Adolescent Psychiatry of the University Medical Center Utrecht would like to invite you to a symposium on the occasion of Prof. Dr. Sarah Durston's inaugural address when she accepts her chair as professor of developmental disorders of the brain. Several renowned speakers will give their view on brain development and developmental disorders.

### Jay Giedd

Child Psychiatry Branch, National Institute of Mental Health, Bethesda, United States

*Brain development as a trajectory, not a destination*

### Kerstin Konrad

Child Neuropsychology Section, University Hospital Aachen, Germany

*Social neuroscience and development*

### Phillip Shaw

Section on Neurobehavioral Clinical Research, Social and Behavioral Research Branch  
National Human Genome Research Institute, Bethesda, United States

*ADHD as a disorder of brain development*

### Nitin Gogtay

Child Psychiatry Branch, National Institute of Mental Health, Bethesda, United States

*Brain development in childhood onset schizophrenia*

### Kathleen Thomas

Institute of Child Development, University of Minnesota, Minneapolis, United States

*Early experience and brain development*

### BJ Casey

Sackler Institute for Developmental Psychobiology  
Weill Cornell Medical College, New York, United States

*Behavioral and neural correlates of self control from 4 to 40*

### Sarah Durston

Department of Child and Adolescent Psychiatry  
Rudolf Magnus Institute of Neuroscience, University Medical Center Utrecht

*Inaugural address*
